Message From The Commander, Jason Coffman

Confederate Patriots

When people call our ancestors traitors and then call us traitors you know Communism and Imperial Socialism is alive and well in this country, that we are a part of. I ask people who say that I am a traitor, "What is the difference between a Colonial American Confederate and a Southern American Confederate?" I remind them that those Colonial American Confederates C-O-N-F-E-D-E-R-A-T-E-D under the Articles of Confederation from a tyrannical British Empire.

I also remind them the Southern American Confederates C-O-N-F-E-D-E-R-A-T-E-D from a tyrannical Imperial Socialist Yankee Empire. If your descendants came to this country in the 1600's or 1700's you are viewed as a traitor or bigot by the Communists. That is part of the Great Reset these bastards are trying to force upon us. I like a quote that G. Gordon Liddy coined I believe. "Aim for the head, the bastards wear body armor."

We aren't doing a Christmas Party this year, due to the Chyna virus. So will have a normal Camp meeting. I will see you all at the next meeting on December 10th.

Yours in the Bonds of Confederate Brotherhood,

Jason-Nathaniel: coffman

What's been happening on the Western Front

Camp Meeting, November 12th, 2020

In November, we were again blessed to have **Paul Petersen** as our speaker. His topic was ***New Information that will change what we know about History***"

One thing he told us about was the Gallatin Bank Robbery that Frank James was later tried and acquitted for. What we've been told was that it was a typical James Gang robbery, and that the man killed were just in the wrong place at the wrong time. However, turns out that bank was managed by 4 Yankees, who were all in the same unit during the war, and were responsible for the death and subsequent mutilation of Bill Anderson's body. Had Anderson just been killed in battle, that's one thing, that happens to soldiers. But what the Yankees did afterwards to Anderson's body, was over the top.

The Bank Robbery was actually retaliation by Jim Anderson, on the 4 Yankees that oversaw the mutilation of Bill Anderson. The bank President, or maybe manager was Col. James McFerrin, Major Samuel Cox was an official at the bank, Cpt. John Sheets, and Private McDowell, also worked at the bank. They were all in the 1st MO Cav (Union), Co. D. McFerrin was out to lunch, so missed out on getting killed. Jim Anderson shot Sheets, missed McDowell, and I'm not sure, but thinking Paul said Cox was not there at the time. But that's the real story, those Yankees were targeted for what they did to Bill Anderson. Good.

Another story Paul told us was about the Raid on Danville, Missouri. That occurred during Prices Raid, but was quite a ways off the path Price took. Supposedly Quantrill men were sent to Danville to tear up railroad track. However, there were no tracks there to tear up. What really happened was that the Berry Brothers, who were Quantrill men from Calloway County, asked Quantrill for a Company of men to go to Danville with. Yankees who were at Danville, had previously raped many girls and women in Calloway County. The Quantrill men went there to kill as many of them as they could. I'm not sure how many of them were killed.

Paul had much more than that, all good stuff! Any errors here are mine in my note taking, not Paul's! ***Many thanks to Paul for speaking to us!***

And in other news, on November 23rd, the Liberty City Council voted 5-3, to explore something called Revestment, as a means to remove our Grave Monument from Block 174. That doesn't mean they can actually do it. Our lawyer thinks they cannot. But, we will see. The 5 that voted to revest it (steal our land back), used it as an opportunity to grand stand, and said the most vile things about us and Confederates as you can imagine. Shocking really, how misguided and uninformed they are. If I were standing there and ***Continued on Page 3...***

Monument continued from page 2...

and they would attempt to say stuff like that to my face, I would have punched them out. Seriously. These cowards hide from the public via Zoom, then spew venom. I would think, anyone would be crazy to say that kind of stuff to someone in person. Zoom makes them brave, like Facebook does, where people say stuff to people they would never get away with face to face.

3 of the Councilman were cool, and stood up for our private property rights. And pointed out, the VFW Flag pole plaza has no one buried in it, are they going to revest that? The revestment law pertains to previously sold plots where no one was ever buried in them in the last 50 years. We have people buried around our grave marker.

The 3 good ones were Rae Moore, Jeff Watt, and Paul Jenness.

The 5 commies who voted to explore a way to steal our grave marker are as follows:

Kevin Graham— he's a lawyer, been after this a long time. Thinks he's smarter than everyone.

Harold Phillips, he said we are really offensive people

Mike Hagan, he's just a pussy, got in his licks

Gene Gentrup, very nasty, I wonder if he still beats his wife, based on the way he attacked the women of the UDC

Greg Duncan, total pussy also, he looked scared in live meetings. He probably lobbied for the zoom, so he could disparage us freely without fear.

Our lawyer, Bryan Wolford, says he's comfortable they won't be able to do this, that we are solid in our ownership, and people are buried within 2 feet of the grave marker, making it legal. *LTY*

Missouri's Confederate Memorial Battle Flag pole is coming!

Yes, the first of what I hope is many Battleflag poles is nearing completion! We had hoped for an early December Flag Raising, but construction is still in progress. A security fence is now completed around the pole. Power and internet are underway if not done already. Next is live feed security cameras. Then we're ready to go hot. We'll raise a flag, and the liberals will raise hell! Good for them, they don't want to look at Confederate Statues in Cemeteries, then they can just enjoy our emblems along major highways. Hopefully once this is up, folks will come out of the woodwork saying they have land for flagpoles. That's happened in other States. Liberty, MO, can get a glimpse into their future!
